

STORAGE BINS WITH BOLTLESS SHELVING UNITS

The DP range of Shelf Storage Bins, used with the DP Adjustable Boltless Shelving units, are ideal for the storage of small parts in a workshop, office, storeroom or industry.

This compact system makes it the ideal spacesaver with ease of access in any environment.

Inserts and dividers can be added to any bin, making the bins and system even more space efficient. Each bin has 2 label holders for identification. Each divider has the space for a label holder with a window to protect it. However these need to be purchased separately.

Choose from the different size configurations to suit your needs and the available accessories to optimize the system for you.

Standard Bin colours are Blue and Black however should you order more than 1000 units we can manufacture them in your chosen colour.

Bins:

- 3 sizes to fit shelf depth: 300mm, 400mm, 500mm
- 2 Widths to fit majority of articles: 120mm & 240mm
- Bins can be subdivided to optimize use of storage bin:
 - 300mm - 4 compartments
 - 400mm - 5 compartments
 - 500mm - 6 compartments

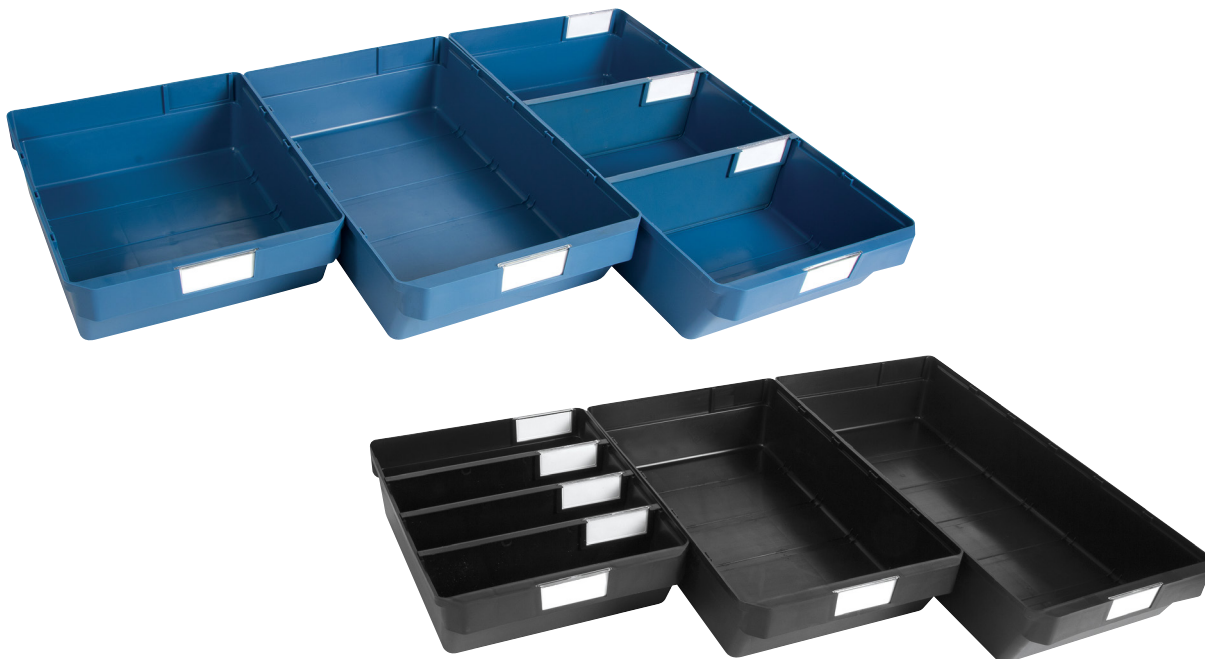

Small bins:

- 300 deep x 120 wide x 90 high
- 400 deep x 120 wide x 90 high
- 500 deep x 120 wide x 90 high

Large bins:

- 300 deep x 240 wide x 90 high
- 400 deep x 240 wide x 90 high
- 500 deep x 240 wide x 90 high

**ACCESSORIES:****Bin inserts:**

Outside measurement 151 mm x 75 mm

**Bin Dividers:**

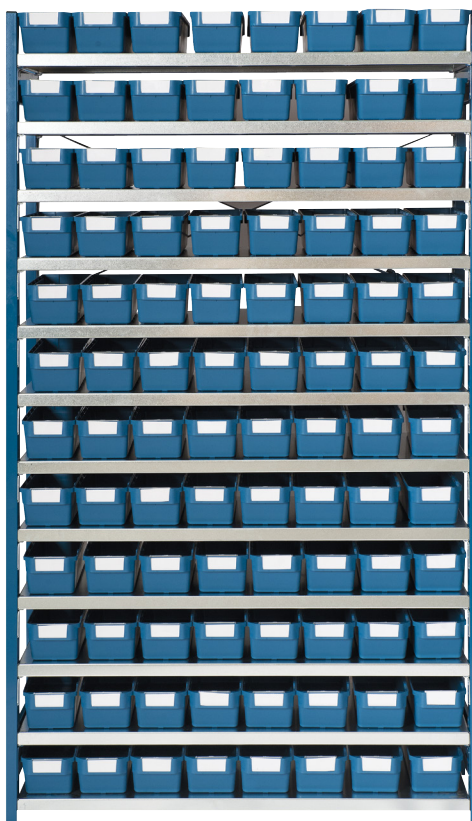

Front and back stoppers:

Front and back stoppers are available to use in combination with the Adjustable Boltless Shelving units to prevent bins from falling off shelving and keeping a neat uniform front view.

Adjustable Boltless Shelving units:

The Boltless Shelving system is versatile for use in most storage spaces and are easy to adjust. The Single entry unit can accommodate 96 small containers whereas the double entry unit can accommodate 192 small containers. This ensures maximum storage per square metre.
